

Support the Next Generation of Emergency Managers

The International Association of Emergency Managers established the Scholarship Program to nurture, promote and develop disaster preparedness and resistance by furthering the education of students studying the field of emergency management, disaster management or a related program. The Scholarship Commission solicits applications for scholarships each June and presents awards in August to deserving students after a careful review of each student's submission as part of a competitive process. Students may be enrolled full or part-time and applications are accepted from students worldwide.

Where the Funding Comes From

The Program is sustained through donations from individuals and corporations. The Scholarship Commission's goal is to raise \$1million to fund its endowment to ensure IAEM Scholarships well into the future.

Where the Money Has Gone

Since Jamie Moore of the University of North Texas was awarded the first \$500 scholarship in 2001, the Commission has awarded 74 scholarships totaling \$163,750 to students.

How You Can Help

Support the future of emergency management with a donation to the IAEM Scholarship Fund. Several donor levels are available - every dollar makes a difference. Visit the IAEM website to learn more about the various ways to give.
